Wednesday the 24<sup>th</sup> would be best as my section chief isn't available Thursday the 25<sup>th</sup> in the afternoon.

Greg and Jim:  
Does one of these dates work better for either of you?

Thanks!

Thanks. In regard to dates, it looks like Wednesday, April 24th or Thursday April 25<sup>th</sup> would work best. Maybe start late morning or early afternoon.

Pat:

I reached out to the program engineer here and he is going to get back to me with more details/relevant materials.

I figured in the meantime, while this case is fresh in both our minds, we set up a date for the conference. I recall you mentioned the week of April 21st. Do you have a specific time that week that works best?

Thanks,

Jon Micah
